

Kathy Cox, State Superintendent of Schools

ATLANTA AREA SCHOOL FOR THE DEAF
Kenney Moore, Director

September 17, 2009

Dear Families,

Weather in Atlanta can be very unpredictable. AASD is closed mainly when road conditions are too hazardous to transport students. In the event bad weather conditions warrant our school closing, we will communicate this information in several formats.

1. You may watch TV stations: WSB Channel 2, 11 Alive or FOX 5. You may tune into radio stations WSB (98.5 FM or 750 AM), WGST (640 AM) or Star*94. We will make a school closing decision as soon as possible and request the TV and radio broadcasts.
2. In general, if DeKalb County Schools are closed AASD will also close.
3. A recorded message will be left on the school's main number at (404)296-7101.

This letter is a reminder of our school closing procedures in case of inclement weather. Please keep it available so you may refer to it when needed. Please know that the safety of our AASD students, families, and staff members is the most important consideration in any decision regarding weather related school closings.

Sincerely,

Kenney Moore
School Director
