

Supplemental Educational Services (SES) 2009-2010 Registration Application

Supplemental Educational Services (SES), our free tutoring and academic enrichment services mandated by the No Child Left Behind Act of 2001, will begin again on Saturday, August 29, 2009. The SES program is designed to help students increase their academic achievement, particularly in reading, language arts, and mathematics. Your child is eligible for these services, and we encourage you to take advantage of this opportunity. As in the past, family workshops and sign language classes will be available for families during the tutoring time for students. Transportation is not provided by the school. You must make your own arrangements to transport your child to and from the tutoring sessions. The schedule for tutoring sessions is attached, so you can mark the Saturdays on your calendar at home.

If your child is not registered by August 28, there will be additional opportunities to register and begin tutoring at the end of each 9 weeks grading period.
